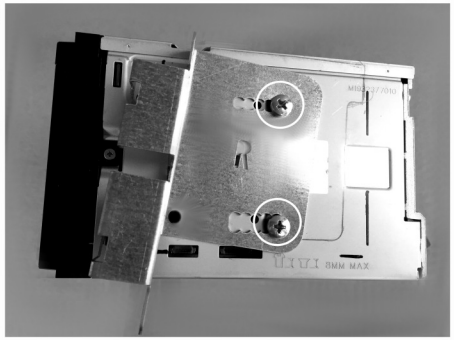
1

1 This is how the original dashboard looks like.

2

2 First: remove the original facia plate; Second: unscrew the screws from the dashboard and remove the original head unit.

3



3 Put the mounting brackets on the head unit and fix them with screws. Pay attention to the letters on the brackets.with screws as shown in a photo.

4

4 Connect all cables, verify the proper functioning of the system and insert the AFT head unit into the housing.

5

5 Adjust the AFT unit and fix it to the dashboard with screws.

6

6 Insert the facia plate. This is the final result.
